Papirino

Counting to 10

Numbers and counting for ages 3–5

Ages 3–5

- Numbers 1–10
- Count and colour
- Number words
- Answer key

14 printable A4 pages

A note for grown-ups

Each page shows one number in three ways: the numeral to trace, the number word, and a group of pictures to count.

How to use it

- Do one number a day, in order from 1 to 10.
- Point at each picture as you count it together.
- Then colour the same number of circles.
- The last pages check what your child has learned.

Printing tips

- Print on A4 at "Actual size" (100%).
- The pages work in colour and in black and white.
